Global Leading PV Manufacturer

Suntech, founded in 2001, as a famous Photovoltaic manufacturer in the world, is devoted to the R&D and the production of crystalline silicon solar cells and modules for 24 years. The Company has its sales areas spread all over more than 100 countries and regions in the world, more than 1,500 industry-leading partners worldwide and the cumulative historical shipments exceeded 55 GW.

We aim to become the most trusted PV company through continuous innovation and excellent management.

Stand the Test of Time

24 Years

Experience in manufacturing PV modules

Suntech has been devoted to the R&D and the production of crystalline silicon solar cells and modules for 24 years since 2001.

55 GW+

Global cumulative shipments of PV products

100+ Countries

Worldwide business footprints

Suntech has its sales covered more than 100 countries and regions worldwide.

1500+

Global leading partners

Suntech has more than 1,500 industry-leading partners worldwide since 2001.

600+

Authorized patents

Suntech has accumulated more than 600 authorized patents and 900 patents applications with continuously investment in the R&D of new technologies.

Suntech Milestones

2001

Suntech was founded in Wuxi, China

2002

Suntech initiated its first 10 MW production line with the capacity equivalent to China's total PV cell production in the previous 4 years

2005

Suntech launched its initial public offering (IPO) on the New York Stock Exchange

2006

Suntech acquired MSK Corporation one of Japan's largest PV manufacturers and its production capacity expanded to 300 MW

2008

Annual production capacity reached 1 GW.
Suntech Photovoltaic Technology Research Institute established

2014

Shunfeng international Clean Energy Limited, a HKSE listed renewable investment / EPC company, announced to invest and acquire Suntech.

2015

Suntech was rated as a Tier1 module supplier by Bloomberg

2018

Annual module shipments exceeded 3 GW, ranking among the TOP 10 in global shipments

2020

Suntech's module global capacity exceeded 10 GW

2021

Suntech built a 2 GW digital TOPCon high-efficiency cell factory

2023

Suntech is ranked by Bloomberg as one of the Top 10 "World's Widely Considered Bankable PV Module Company2023".

2011

Annual module shipments more than 2.1 GW modules worldwide, which made Suntech the biggest PV module supplier for two consecutive years

2024

Suntech's cumulative shipments have exceeded 55 GW

Global

Suntech's business footprints cover more than 100 countries and regions around the world, with more than 1500 industry-leading partners.

Leading Innovation

Suntech values technological innovation and keeps investing in research and development (R&D). Until now, Suntech has applied for more than 900 patents and owns more than 600 authorized patents.

Suntech owns a **National Level Testing Center** for photovoltaic products certified by CNAS, and is equipped with more than 100 advanced testing machines, which is leading in photovoltaic industry.

EUPD Top photovoltaic brand

Awards

- Suntech won the title of PVEL's global "TOP Performer" module manufacturer (2024)
- Suntech won the Gold Award of "Taihu Lake Green Excellence Award" (2023) and was named to the "Color Factory of the Year" list (2023)
- Suntech won the "Annual Cultivation Object of Jiangsu Province Two-chemical Integration Management System Through Standard Pilot Enterprise" (2023) and "Jiangsu Province Industrial Internet Development Demonstration Enterprise" (2023)
- Suntech won the title of PVEL's global "TOP Performer" module manufacturer (2022)
- Suntech has achieved the honorary title of "Europe Top Photovoltaic Brand" issued by the authoritative institution EUPD Research (2016~2023)
- Suntech won the Sullivan Asia Pacific Best Practice Award (2016)
- Suntech was rated as the world's best environmentally friendly company by the World Economic Forum (WEF) (2016)
- Suntech has been continuously selected as one of the world's 50 most innovative companies by "MIT Technology Review" (2011~2012)
- Suntech receives Global Leadership Award from Murphy & Spitz and Gigaton Prize (2011)

From manufacturing to intelligent manufacturing

Automatic Manufacturing

Suntech launched 20 GW+ digitized smart factory for high - efficiency modules. The advanced automatic production line opened a new era for capacity, Suntech module factory can work for various advanced technology production requirements, and achieve the transition from manufacturing to intelligent manufacturing.

Real-time Interaction Systems

Suntech's SAP and ERP business platforms can achieve real-time interaction, planning, execution, reporting and analysis, which make them the most advanced business platforms and enable sustainable innovation.

Digital Smart Factory

2GW digital TOPCon intelligent production line for M10 cells (182mm) as well as for M12 cells (210mm). The conversion efficiency of TOPCon cells is over 26.5%.

Suntech Products

Ultra V series

Hardcore energy and reliable technology
182 mm P-type mono PERC

Ultra V Pro series

Cutting-edge technology, leading innovation
182 mm N-type mono TOPCon

Ultra X series

Superb output and performance
210 mm P-type mono PERC

Application coverage for all scenarios

Utility-Scale Solar Power Plant:

Helping the world achieve carbon peaking and carbon neutrality goals

Commercial & Industrial Distribution:

Helping industrial and commercial enterprises to save energy & reduce consumption, and a green-oriented transition of energy

Residential Distribution:

Providing stable green electricity and increase residents' income

Lower Heat
Spot Risk

High Efficiency

Zero LID

Distributed
Junction Box

Lowest Temperature
Coefficient

Bifacial Gain

Suntech Trustworthy Quality

Guaranteed Quality:

- 52 steps quality control and inspection process, 3* 100 EL Test;
- 12-year product warranty, 25-year performance warranty (30-year for double glass products)

Rigorous Control:

- Advanced MES system, adequate SPC and AI
- FQC 100% appearance inspection, OBA appearance spot inspection, OQC delivery inspection

Management System:

- Certification of ISO9001 Quality System, ISO14001 Environmental Management System, ISO45001 Occupational health and Safety Management System, SA8000 Social Responsibility Standards, IEC TS 62941 Standard System

Excellent Reliability

Suntech is fully certified by professional third party testing organizations.

Suntech is ranked as Top Performer for a 5th year in the 2022 PV Module Reliability Scorecard, published by PVEL.

Solid Financial Strength

Figure 1: Top 10 PV module companies that most respondents considered bankable in BNEF's 2023 bankability survey results

Source: Bloomberg/NEF. Note: ** indicates top performers in PV Evolution Labs (PVEL) 2023 PV Scorecard, a technical adviser and module testing laboratory.

Suntech is ranked by Bloomberg as one of the Top 10 "World's Widely Considered Bankable PV Module Company2023".

Superior Bankability

- Suntech ranks Tier 1 by Bloomberg.
- Suntech has been ranked one of the world's most bankable PV module brands according to the Bloomberg New Energy Finance (BNEF) "PV Module Bankability Report".
- Suntech is a module manufacturer with "Black&Veatch" proof of bankability.
- Munich Re provides reinsurance support for Suntech products.
